Use cases:

1. Add a contact.
2. View a Contact
3. Remove a Contact.

Add a contact

The app will load to the home screen which is a list of all the current contacts. On the bar at the top of the screen is a button labelled ADD CONTACT. Press this button to go to the add contact screen.

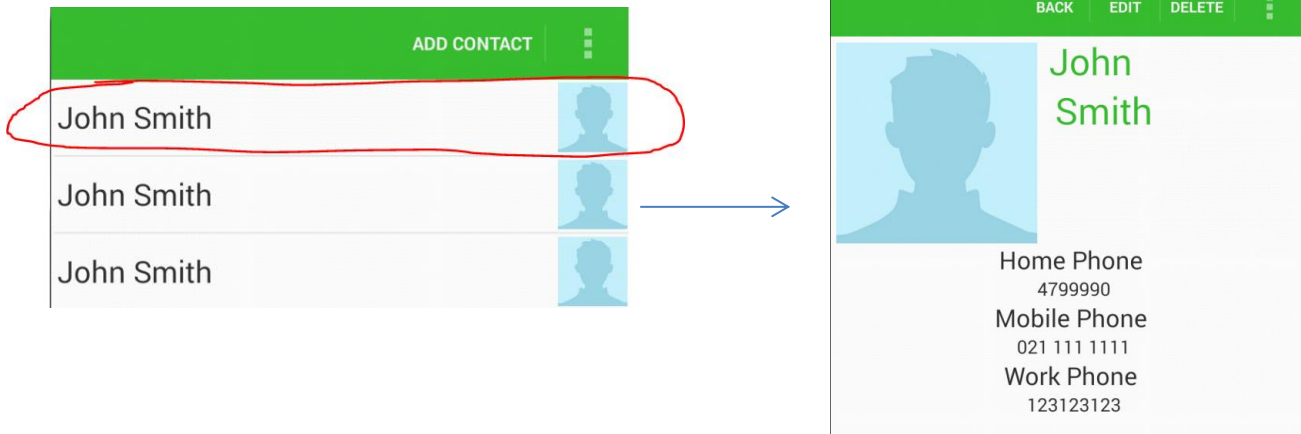

Figure 1: Dialog box that appears when the photo icon is pressed.

View a Contact

On the home screen, click a contact's name or picture to view their details. This will bring up the view contact screen where more options are available. To return to the home screen, press the back button.

Remove a contact

From the home screen, follow the above directions to get the view contact screen. Once at the view contact screen, click the delete button in the top right corner of the screen as shown in the picture below.
